London Announces That Next Great German Offensive Will be Directed Against Russia, Probably a Combined Land and Sea Attack on Riga.

Associated Press Dispatch. The tide of battle at Verdun has turned in favor of the French, according to today's official report from Paris.

Attacking the German lines on the west bank of the Meuse, French troops have recaptured part of the village of Cumieres, which the Germans stormed earlier in the week. Trenches northwest of the village were also captured, while heavy German attacks on the opposite bank of the river were repulsed.

Many more trials are pending. Both Americans were convicted.

MR. GERARD IS QUOTED AS SAYING: "NOTHING CAN SHAKE MY CONFIDENCE THAT PEACE IS ON ITS WAY."

Waukegan, Ills., May 27.—Selection of a jury to try Will Orpet on a charge of murdering his sweetheart, Marian Lambert, probably will not be completed today. Twenty talesmen were examined at the morning session.

RIGGS BANK OFFICIALS ARE "NOT GUILTY"

Final Chapter in War Begun on McAdoo Is Concluded.

Washington, May 27.—The three Riggs National Bank officials on trial here for perjury were today found not guilty after the jury had deliberated for nine minutes.

Charles C. Glover, president, and W. J. Flater, vice president, with H. H. Flater, former cashier, were the defendants.

The Government contended that in the celebrated case of the bank against Secretary McAdoo and Comptroller Williams, the three officials signed an affidavit that the bank never engaged in stock market transactions, thereby purporting themselves.

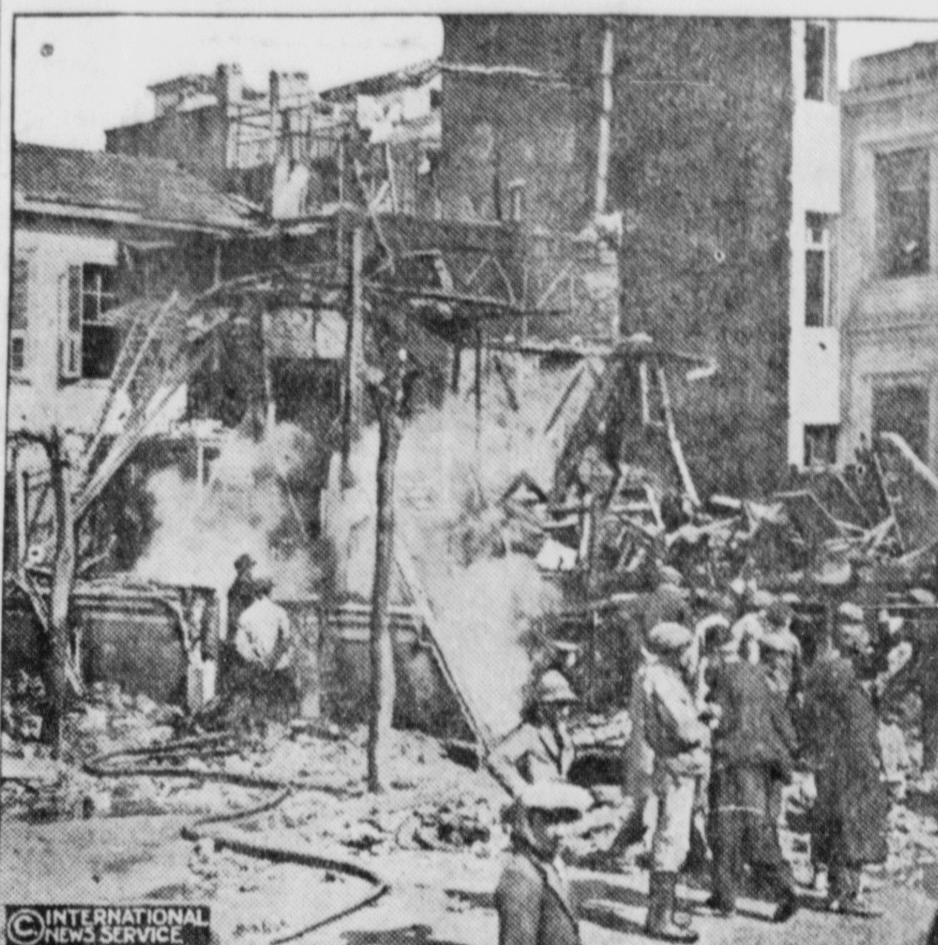

The defense of the bankers was that they signed the affidavit on the advice of their counsel, and that their intent was to swear that the bank had never engaged in stock dealings for itself.

WAITE IS "GUILTY" SAYS JURY

Most Remarkable Murder Case of Modern Times is Given to Jury Shortly After Noon

By Associated Press Dispatch.

Dr. Arthur Warren Waite has been found guilty of the murder of his father-in-law, John E. Peck, the Grand Rapids millionaire.

"Guilty of murder in the first degree," was the verdict of the jury, returned after it had been absent from the court room for one hour and twenty-five minutes.

Waite was remanded to the Tombs to await imposition of sentence on June 1.

New York, May 27.—The summing up of the evidence against Dr. Arthur Warren Waite, in his trial for the murder of his father-in-law, John E. Peck, of Grand Rapids, Mich., was concluded by both defense and prosecution soon after noon today.

The concluding evidence was that of alienists and experts in neurology. That Dr. Waite was sane and poisoned his father and mother-in-law to obtain their money and pretended insanity, was the expressed opinion of the alienists introduced by the State.

Dr. Jelliffe, of New York, said he could not answer that Waite was a normal man.

"He differs from the average man in terms of psychology," said the expert. "He is a criminal with a mind. His whole life has been spent in intense living and feeling."

FORMAL ORDER FOR TRIAL MADE

By Associated Press Dispatch.

Washington, May 27.—The formal order directing the trial by court martial on June 1 at Fort Sam Houston, Texas, of 116 members of the Texas National Guard who refused to present themselves to be mustered into federal service, was forwarded today to General Funston.

Colonel Edward A. Millar, of the Third Field Artillery, is designated as president of the court martial.

In the forty-five years of his military career, Gallieni had participated in some of the dramatic episodes of the war of 1870, explored the Upper Niger and imposed a French Protectorate over the region; pacified the colony of Indo-China, deposed Queen Ranavalona of Madagascar and conquered and developed the colony. Between times he had written four notable books on exploration.

GALLIENI IS DEAD

Brave Frenchman Who Turned the Tide of the Marne Battle Succumbs.

(Associated Press Cable)

Paris, May 27.—General Joseph S. Gallieni, former Minister of War, who turned the tide of battle of Marne by rushing 80,000 French troops to the battlefield in taxicabs and won the day, died at Versailles today.

After his notable service at Marne, he was appointed Minister of War. He shortly contracted kidney trouble and transfusion of blood failed to have him.

Of all the French generals in the European war few had a better filled life than General Gallieni, who, on the outbreak of the great war in August, 1914, was appointed Military governor of the entrenched camp of Paris. Born of a military family at St. Beat, April 24, 1849, he had reached the age limit for retirement in 1913, but was maintained in active service by decree, the Minister of War holding that the services he had rendered as governor general of Madagascar, justified an exception generally made only in favor of generals who have held a supreme command in the face of the enemy.

In the forty-five years of his military career, Gallieni had participated in some of the dramatic episodes of the war of 1870, explored the Upper Niger and imposed a French Protectorate over the region; pacified the colony of Indo-China, deposed Queen Ranavalona of Madagascar and conquered and developed the colony. Between times he had written four notable books on exploration.

TAKING STEPS FOR MEETING

By Associated Press Dispatch.

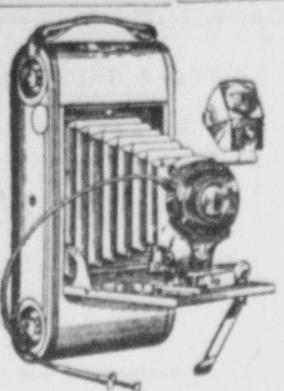

Washington, May 27.—Further steps are being taken today to bring about closer co-operation in military operations between General Gavira, Carranza commander in Chihuahua, and General Pershing's command.

A conference for this purpose will be held immediately between Mexican and American commanders at Nampiquipa. General Gavira proposed the conference.

Officials here believe one result will be the perfection of plans to prevent any clash between Carranza and American troops.

Withdrawal of American troops is not to be considered at the conference.

General Funston agreed to the conference with the positive understanding that General Pershing will not leave the limit of the territory under his control. General Gavira intends to propose co-operation of troops without merger that will wipe the bandits out of Chihuahua.

BREMEN BLUE LAWS IN THE LIMELIGHT

The accompanying story extraordinary is from the Lancaster Eagle:

"The Village of Breman is defendant in a \$500 damage and injunction suit filed in court Wednesday by George H. Lowe, J. H. Downhour, Mayor and J. M. McCullough, marshal of the village are also named as defendants.

"The plaintiff conducts a moving picture show in Breman and has for the past year.

Plaintiff says that on March 6th, last the Village council passed an ordinance to license and regulate moving picture shows, roller skating rinks and other public exhibitions. By this ordinance every moving picture show is compelled to pay \$60 annually, paying quarterly in advance, and for every other public entertainment the sum of \$1 to \$25 for each days performance.

"Plaintiff declares the ordinance does not exempt public school entertainments, lecture courses or lectures on historic literary or scientific subjects; that the ordinance is illegal and void for the reason that the ordinance does not come within the operation of section 3657 of the General Code of Ohio under which the ordinance was drawn.

"He says it is a revenue measure and therefore illegal as it is in the nature of a tax on the business of the plaintiff.

"He also gives other reasons why the ordinance is illegal.

Plaintiff declares that if the ordinance is enforced it will destroy his business as the license fee provided therein is so high that it would be impossible to conduct his business profitably. He says the license is a tax on his business under the guise of a license, and is a revenue on his business.

Plaintiff says the village has no police force except a marshal whose salary is \$360 a year. He says the mayor and marshal each demanded of him the payment of \$24.70 as payment for the first quarter from the 4th of January to the 16th day of May but he refused to pay the same and on May 16th, defendants Downhour and McCullough caused pad locks to be placed on the doors of his place of business, barring him out for period of three days to his damage, and on May 22nd, McCullough filed an affidavit before Mayor Downhour charging plaintiff with the violation of the ordinance and plaintiff was arrested on a warrant issued by the Mayor and he was and is still held under bond to answer the charge and unless the defendants are enjoined they will proceed to try him on this charge."

FIDO MUST WEAR TAG OR GO HOME

With the near approach of June 1, when all old licenses expire for

dogs in this city, Mayor Oster is laying in a supply of tags which the law requires shall be worn by every dog in the city.

These tags will be on hands within a few days and all owners of dogs whether the animal is a mastiff or ungainly pup, well fed or otherwise, white, black old rose or any color what so ever, or whether the dog is worth \$1,000 or worthless, must apply to his Honor and obtain the license and tag which the city ordinance demands shall be taken out by owners of dogs.

The license cost \$1 and is good until June 1 of next year, and unless a dog bears the distinction of wearing the official tag he is liable to fall into the clutches of the dog catcher who will be on duty on and after June 1st.

Failure to comply with the ordinance is made an offense and punishable by fine. For the last eight or ten months very few licenses have been issued, but when the tags arrive there is expected to be a grand rush for the little bits of metal.

Arrest of Militiamen.

Cincinnati, May 27.—The arrest of three members of the First regiment, Ohio national guard, for failure to appear at the armory for drill, was re-

garded in militia circles here as more than a coincidence. It is believed by militia officials here that a concerted action has begun under the direction of the war department to place greater responsibility on the duties of the militiamen.

A Day of Strengthening.

Memorial day should be sacred to the memory of every patriot who has served his country and has passed beyond. With such a significance as that for the day it ought to be possible to save it from extinction and make it one of the great moral strengthening days of the national year.

And even beyond that we might go and give the day added moral strength. It might be finally crystallized into a day of remembrance of the dead of the nation without regard to wars.

The mother might remember her blue eyed girl, the lover his dead sweetheart and the young man his honored father.

It would be a day of sacred memories, of strength giving associations. It would then hold an intense personality for everybody.

BIG MENAGERIE FEATURE OF SHOW

It is the proud boast of Coop and Lent that the Menagerie which is presented in connection with their Circus is one of the finest and most comprehensive ever seen with a traveling Zoo.

Besides herds of Elephants, Camels and other graminivorous animals that will be on exhibition; there will be a bi-horned Rhinoceros, a mammoth Hippopotamus, and unnumbered other animals from the remotest corners of the earth and from the depths of the ocean. Curious creatures from the frozen north, odd fowls and birds of the air and strange semi-domestic animals which will be displayed under the most commodious tent ever used for the housing of a Menagerie.

One of the most interesting features with this exhibition is a wonderful corps of animal comedians, funny four-legged jesters and amusing merry makers of Pony land, Pig land, Monkey land, Donkey land and all the rest of the clowns of animaldom, who contribute their share to the merriment and laughter and tickle old and young with their ludicrous capers.

Besides the animal comedians there are performing elephants, seals, bears, lions and tigers, panthers, and leopards, forming in its completeness one of the most unique

The School Complimented

At the conclusion of the commencement exercises last Tuesday evening Dr. Weaver, of Springfield, who delivered an address to the graduating class made this remark:

"From the survey given me and from my own observations, the work in the Washington schools is not only up to the standard of the good schools, but it ranks with that of the leading schools of the land."

Coming from a man who has the ability of Dr. Weaver, from a man who has had the opportunity to observe and has deserved conditions the high compliment paid is all the more appreciated.

Washington has good schools. The opportunity here is equal of that in cities much larger than Washington, the school facilities are excellent, everything for the comfort of the pupils has been provided. The buildings are new and constructed throughout with a view to the health of the pupils. The course of study ranks with that of more pretentious schools and instructors are able, sincere and enthusiastic in their work.

The people of Washington have provided generously and intelligently for the education of the boys and girls. Every detail which makes for higher intelligence and improved physical conditions has been provided.

It is gratifying, nevertheless, to have the whole system complimented so generously.

Men like Dr. Weaver do not bestow compliments unless they are deserved.

The Election of Judges

Voters have been told a great many things by the candidates for public office and they are destined to be told a great deal more when the presidential, senatorial, gubernatorial and other campaigns are well launched.

There is one matter, however, of vital importance which the people should not allow themselves to become confused about and that's the judiciary.

In a sense—theoretically—the judiciary has been taken out of politics. Candidates for judges of our courts now days give their names printed on a ballot which contains no political party emblem and no party ticket—there is nothing on the ballot to disclose the political affiliations of the candidates. Of course, all candidates for judges have their political affiliations, but voters should forget politics when electing judges.

The judiciary is non-political. Men should be chosen absolutely for their ability and integrity.

Fayette county voters will be compelled to express their preference this fall, amongst others, for judges of the Supreme Court for judges of the Circuit Court of Appeals.

Judge Cyrus Newby of Highland county, is a candidate for judge of the Supreme Court. We all know Judge Newby's worth. He is one of the ablest judges in Ohio today and he is entitled to a tremendous vote.

Judge Ferneding of the Circuit Court of Appeals is another candidate. Attorneys and litigants of the circuit know his worth and are endorsing his candidacy.

Both Judge Newby and Judge Ferneding should be given the support of the electors regardless of party. The people should make the election of judges non-partisan in fact as well as in form.

Judge Newby should be elevated to the Supreme Court and Judge Ferneding should be retained as a member of the Circuit Court of Appeals.

The interests of the people demand that it should be done.

A Story of Crime Unparalleled

The awful story of crime related by Dr. Waite on the witness stand discloses, if true, the perpetration of a series of crimes, which for fiendishness and down right cold bloodedness, stand alone among the horrors of the century.

To normal people it is inconceivable that such an arch-criminal could be sane.

And that is the very purpose upon which the defense of the accused man is based.

The testimony given by the accused man bears some evidence of an intention to make it as horrible as possible and for humanity sake the public cannot help but hope that Dr. Waite is now committing perjury.

It would be much easier for us to believe that the story is false than it would to believe that any human being, sane or insane, could be guilty of the barbarities to which the accused man so glibly confesses.

Humanity would rather hope, for its own sake, that the resourceful criminal has, in his degenerate mind, evolved a new method of convincing the jurors that he is mentally unbalanced and should not be held for his crimes.

Awful though his crimes, proven by facts and circumstances other than his confession, are civilization is shaken to its very foundation by the possibility that in this enlightened age, a creature in human form so debased as Waite's story would make himself out, can exist.

"Passing On"

Lewis S. Pilcher, M. D., LL. D., surgeon general of our great veterans' organization, the Grand Army of the Republic, in an interview by Edward Marshall, printed in the New York Times, said:

"The time has come when the law of nature makes it necessary for us to look forward to a constant and increasingly rapid decrease through death in the membership of the Grand Army, just as those who now are our friends and brothers in the south, but who in the years of the great war we deemed our enemies, must contemplate a similarly tragic spectacle among their veterans.

"The membership of the Grand Army is decreasing by geometrical ratio, and of course its decrease may be exclusively attributed to the work of the Great Reaper.

"Up to a few years ago we continually were adding new members to our roll—men who for one reason or another had not previously joined, although fully qualified to do so.

"Today a new member occasionally is admitted, but the initiations in the posts throughout the country are so rare that they have become extraordinary events.

"I am the last of men to say that I regret my service in the civil war—I glory in it. I am even the last of men to say that I regret the war itself. I glory in that, too, for it was a war for right, and, with its end, right triumphed.

"But, also, I am the last of men to let slip any opportunity for voicing a regret that the imperfect management of men produced a complication in this nation which only war could straighten out."

THE JUNIORS BANQUET THE SENIOR CLASS

Ties That Have Bound Young Folks During Years of School Life Are Loosened For Seniors Under Especially Happy Conditions.

Joyous Feast Crowns the Windup of the School Year—Responses by Students Were Especially Happy—Gymnasium a Veritable Fairy Land;

The night of nights! The Junior-Senior banquet! School responsibilities over; diplomas won—pure pleasure reigned at the High school building Friday night.

If ever a joyous feast crowned the wind-up of the high school year it was Friday night, when the 36 Juniors entertained the 38 graduates of the class of 1911, at one of the most brilliant banquets in school annals. It was a banquet of sparkling wit and the care-free banter only made possible by youth and experiences shared in years of school association.

Ideal for reception purposes was the stately entrance corridor, graced by its wonderful art treasures and forming a circle in front of "the Winged Victory," the class of 1911 gave welcome to the triumphant Seniors.

The scene, as Juniors and Seniors met to celebrate together for the last time, was one to linger in memory. The girls all looked their prettiest in dainty gowns of rainbow hues, wearing corsage bouquets or carrying their flowers, and the boys a fine manly bunch of fellows, added their share to the happiest event of the commencement season.

When the orchestra music summoned to the banquet entertainers and guests, including Supt. and Mrs. McClain and the high school faculty and wives, descended through an aisle of green which masked the stairway, to the veritable fairy land of beauty into which the big gymnasium had been converted. The colors of both classes, old rose and silver, and white and green, formed in waving festoons a wonderful overhead canopy caught in the center to the large dome light, hidden beneath its rose colored shade.

By an elaborate system of wiring hundreds of incandescent bulbs gleaned through smaller rose shades the entire "gym" flooded with a soft rosy glow.

The four walls were screened in oak leaves, starred with the pink blossoms of the weigelia, and the long tables, set to form a hollow square, were beautifully embellished with tall vases of rose snapdragons, rose and white carnations and ferns. Sprays of swansonias were favors.

During the elaborate four course banquet a special orchestra on the landing above, played delightfully and was encored continuously.

The serving of coffee was the prelude to one of the most enjoyable toast hours imaginable.

Mr. G. B. Hamman, teacher of Science and Algebra, proved himself a most delightful toastmaster, stimulating the speakers by his spontaneous wit and happy introductions and always ready with the "come back."

Miss Dorothy Rogers gracefully welcomed the Seniors in behalf of the Juniors in a bright little speech and Ronald Dick, president of the class of 1911 responded felicitously.

Responding to the call of the toastmaster, who was absolutely merciless in his choosing, in speeches of remarkable cleverness and largely extemporaneous, were Miss Nell Stuckey, Miss Mabel Houp, Sherman Brownell, Miss Maud Ann Chester, Karl Beck, Ben Wetzel, Miss Grace Shea, Miss Bernice Conner, Miss Mary Ramsay, Miss Beulah Harbison, Miss Amy Conn, Howard Harper, Miss Florence Ustick, Miss Clara Thurston, Rudolph Schlabach, Principal Probasco and Supt. McClain, who discussed "the Senior Under the Microscope," to the delight of class and guests.

The tilt between toastmaster Hamman and Athletic coach Schlabach was specially enjoyed by the students and the quick wit of the students in responding when unexpectedly called upon made good.

showing for the development of mental alertness.

As the midnight hour approached President Ronald Dick, of the Senior class, initiated the Juniors into the mysteries of the coming year, and with the singing of the class song and high school songs, the greatly enjoyed banquet closed.

P. L. Hammond, of the Dairy Lunch, catered.

Sherman Brownell was chairman of the Juniors' general committee; Miss Ruth Reid of the entertainment committee; Miss Louise Arehart of decorating committee and Paul Streevey had charge of the electrical wiring.

WIFE AND MOTHER LAID TO REST

Sad beyond words was the great gathering of friends from all over the county which assembled at the Hagler country home for the funeral services of Mrs. Roy Hagler, Friday afternoon at two o'clock.

The friends of her girlhood residence in this city; those of her married life in the Hagler neighborhood and many from widely scattered residences who had known and loved Flora Robinson Hagler shared in lesser degree in the overwhelming sorrow which had broken up a home so unusually happy.

After the large rooms were filled people took their places on the big verandah and on the lawn.

The services, conducted by Rev. A. W. West, of the First Baptist church, of this city, assisted by Rev. Doty, of the M. P. Church, were quite simple but most affecting.

Rev. West read the brief memoir and followed it with a very beautiful appreciation of the lovely wife and mother who slept the last long sleep amid a rare profusion of flowers, proffering their last tribute of devout affection.

No one who had known her who had crossed the bar but echoed the minister's sentiment that words were not adequate to express the beauty of her character; splendid conscientiousness with which she had done her part in whatever line of duty came to her.

Rev. West spoke with all possible sympathy of the home bereft of the wife and mother and offered for the comfort of those who mourned God's own message, "Let not your heart be troubled; neither let it be afraid. In my father's house are many mansions; I go to prepare one for you. I will come again and receive you unto myself."

The hymns: "Oh Love That Wilt Not Let Me Go," and "Good Night" were sung with the utmost sweetness by Miss Ada Woodward and Mrs. Mary G. Goldsberry Burgett, Mrs. Lillie G. Davis, accompanist.

A particularly touching feature of the service was the attending in a body of Mrs. Hagler's Sunday school class of little girls at Spring Grove church, each of whom tearfully laid a flower upon their beloved teacher as they said a last farewell.

Magnificent floral remembrances offered affectionate tribute from a great number of friends from near and far.

The procession of autos which wended its way from the home to the Washington cemetery. Many friends and relatives accompanied the family and found in our beautiful resting place for those who have passed from earth, in all its bright promise of bursting spring, golden sunshine and the song of birds symbols of that resurrection life in the beyond.

The pallbearers were Messrs. George H. Hitchcock, Joseph H. Harper, Charles McLean, Frank L. Parrett, Arthur Staubus, Chas. McCoy.

Those in attendance from a distance were the sister, Mrs. Luella Herbert and son Logan, brother Mr. Walter Robinson, of Columbus; Mr. Ayees L. Bramble, an uncle, with his wife, daughter and son-in-law, Mr. Campbell Cecil, of Hamilton, Mrs. Loraine Bramble, an aunt, of Cynthiana, Ky.; Mrs. Chris Weldon of Circleville, an Oxford room mate of the deceased; Capt. and Mrs. W. C. Bostwick, Mr. and Mrs. Harley Bostwick, of Mt. Sterling; Mr. and Mrs. Nolan Hathaway, Misses Maude and Edith Favey, Mr. L. W. Buckmaster, Columbus; Mrs. Marion Gibson, son, Mr. John Gibson, and family, of Springfield; Mr. and Mrs. Chas. Record, of Hillsboro; Mr. and Mrs. Wm. Riddle, of London; Mr. John Merry, Caldwell, O.; Mr. and Mrs. Seymour Irwin of Lynden; Mr. Werter Seymour of Bainbridge; Mr. Sennath Cryder, of Chillicothe.

Miss Dorothy Rogers graciously welcomed the Seniors in behalf of the Juniors in a bright little speech and Ronald Dick, president of the class of 1911 responded felicitously.

Responding to the call of the toastmaster, who was absolutely merciless in his choosing, in speeches of remarkable cleverness and largely extemporaneous, were Miss Nell Stuckey, Miss Mabel Houp, Sherman Brownell, Miss Maud Ann Chester, Karl Beck, Ben Wetzel, Miss Grace Shea, Miss Bernice Conner, Miss Mary Ramsay, Miss Beulah Harbison, Miss Amy Conn, Howard Harper, Miss Florence Ustick, Miss Clara Thurston, Rudolph Schlabach, Principal Probasco and Supt. McClain, who discussed "the Senior Under the Microscope," to the delight of class and guests.

LADIES CIRCLE G. A. R. Will meet at Memorial Hall Sunday, May 28th, at 10 o'clock a.m. to attend in a body memorial services at Grace M. E. church.

BRIGHT YOUNG CHAMPION HAS NATURAL GIFT

Only Pupil in Rural Fayette Who Made Perfect Score in Spelling Contest and Will Represent Fayette in State Contest at Columbus Next Friday—A Natural Speller.

When little Miss Iris Coil, champion speller of Fayette county, takes part in the State contest at Columbus Friday, June 2nd, she will have one advantage over a great many of the 87 other contestants who will take part, in being gifted with the natural ability to spell, as well as possessing an unusually brilliant memory.

Miss Iris is the pretty little 15-year-old daughter of Mrs. Harriet Coil, of Millidgeville, and has one sister, Miss Irene, also of Millidgeville, and the little family has lived in that town for the past several years, the mother and older daughter having charge of the Bell Telephone exchange in Millidgeville.

MISS IRIS COIL
Champion Speller of Fayette, Who Will Represent This County In State Contest.

From the very first spelling contest in which she entered, Miss Iris passed with a clean score of 100 per cent, and when the 20 best spellers in the county met at the High school building and took part in the contest for the championship of the county there was only one who had a perfect score and that was little Miss Iris, who had spelled each word with ease, and the neatness of her work was another feature which won her the praise of the judges. She had spent little time studying the jaw-breakers.

On Tuesday of this week the little champion celebrated her 15th birthday anniversary, and was in this city on that day and posed for a photograph for The Herald, and the accompanying picture is from that photograph.

Those who know Fayette's champion best are confident that she has a most excellent chance of winning the state-wide contest and the reward that goes with it, and are looking forward with deep interest to the result next Friday.

LOCAL SHOTS BEAT VISITING CHAMPION

Because he was not familiar with the guns used at the range of the Washington Rifle Club, A. E. Showalter, crack shot of Springfield, failed to beat several members of the club, Friday night.

His instruction and presence added new enthusiasm to the club, and he was urged to come again.

The scores made follow the first column representing off hand shooting, the second prone, third with pistol and totals in the fourth.

The announcement of a June wedding which will interest many friends in this city is that of Miss Anne L. Lawrence, Deputy Clerk of Courts, the daughter of Mr. and Mrs. Wm. J. Lawrence, of Syracuse, N.Y., to Mr. Otmer W. Rollins, of Cincinnati.

Miss Lawrence was the first teacher in the Washington Business College and later took the position of deputy, which she has filled efficiently for the past six years.

Although giving conscientious attention to her work, Miss Lawrence, a girl of very charming personality, found time to make for herself a circle of warm friends and her departure from Washington is sincerely regretted.

She leaves Tuesday of next week for her home, where the wedding will be celebrated the middle of June.

The future home of the young couple is already in complete readiness for them at 348 MacMillan St., Cincinnati.

Mr. Rollins, a sterling fellow of likable qualities, is a postal clerk of Cincinnati, making the run between Cincinnati and Grafton.

The ladies of the Wesley Chapel Mite Society met at the home of Mrs. Lester Dodd on North street, Wednesday afternoon. More than forty members and visitors were delightfully entertained by the hostess, her daughter, Miss Norma and the assisting hostesses, Mesdames Hays, McClain, Peart, Fogie, Barrere, Colaw.

The sick committee appointed for June were Mesdames Fannie Kidd, Morgan and Parnell. After the business session the

following program was rendered: Piano solo, Miss Elizabeth Snider; Reading, Mrs. H. C. Rogers; vocal duet, Misses Lena Householder, and Mary Minshall, accompanied by Miss Dorothy Wyatt.

Refreshments were served and a social hour followed.

The local W. C. T. U. met at the home of Mrs. Carrie B. Willis on Dayton avenue, Friday afternoon.

There was a good attendance and Mrs. S. M. Taggart, County President, honored the meeting with her presence, and presided.

It was an out-door meeting, the beautiful large grounds surrounding the spacious home making the session doubly delightful.

The meeting was impressive, chiefly in the nature of a Mothers' meeting, in which each member paid tribute to her mother.

Mrs. Taggart, an interesting speaker, brought many excellent thoughts to those present.

Miss Lina Willis assisted her mother in serving dainty refreshments.

The W. R. C. Kensington held at the home of Mrs. B. F. Leland Friday afternoon proved a most enjoyable affair, with pretty decorations in the national colors suggesting the approaching Decoration day.

Thirty women attended and a "stitch contest" in which Mrs. Chas. Erigge was the prize winner, was an entertaining diversion.

Miss Morris gave two pleasing readings.

The hostesses, Mesdames Mills, A. C. Henkle, Clara Harper, Kearney, Waters, Davis, Anderson Hyer, served delicious refreshments.

G. A. R. ENTERTAINED BY EPWORTH LEAGUE

A thoroughly enjoyable event of Friday night for all concerned was the twenty-eighth annual memorial given by the Epworth League of Grace M. E. Church to the B. H. Millikan and John M. Bell posts in this city, twenty-seven of the veterans enjoying the hospitality of the Epworth Leaguers.

The entertainment was arranged by the Epworth League cabinet, Misses Emma Smith, Ruth Brownell, Louella Riley, Cecil Reeder, Anna Hempstead, Mariam Christopher, Daisy Cockerill and Messrs. Gilbert Adams and George Bryan, assisted in the dining hall by several girls dressed as Red Cross nurses.

The Epworth League room was decorated with flags and flowers, and promptly at 7:30 the veterans of the two posts filed into the church to the sound of a march played by Mrs. B. E. Kelley.

The program was taken up without delay, Mrs. B. E. Kelley at the piano rendering a beautiful medley of patriotic airs interspersed with imitation of fife and drum and bugle. A short address of welcome was delivered by the president of the Epworth League, Mr. Gilbert Adams, followed by invocation by Rev. J. V. Stone. Miss Jean Hollingsworth then favored the veterans with a vocal solo, "Take me Back to Old Virginia." A vocal duet by the Misses Kidd, with violin accompaniment by Mr. James Kneisley, was roundly applauded, and readings by little Miss Spangler of Jeffersonville, and a pleasing violin solo by Mr. Kneisley, completed the program, all of which was greatly enjoyed by the guests of honor.

The veterans were then invited to the basement where a long table, most tastefully arranged, was spread. SHI flag favors, tied with Epworth League colors, were pinned upon the guests as they filed into the beautifully decorated dining room.

Brick ice cream, cake and coffee were served, after which a number of the veterans, including Comrades Rowe, Hamilton, Hartman, Allen and others, made short addresses. Rev. Stone and Mrs. F. G. Carpenter also responded with short speeches.

The event ended with expressions of appreciation by Comrade Harrop and a rising vote of thanks was accorded the Epworth League for the pleasurable evening.

Miss Florence Schryver returned Friday evening from attending the Second Convention of the Ohio Hospital Association at the Gibson Hotel, Cincinnati.

ANOTHER MEETING TO BE HAD

Pershing and Gavira to Meet In Chihuahua.

FOR CLOSER CO-OPERATION

Would Preclude Possibility of Clash Between Mexican and American Troops—Carranza's Note Said to Demand Withdrawal of United States Troops—Bandit Leader Killed In Clash With Americans.

Washington, May 27.—A new conference is about to be held on the Mexican situation.

Secretary Baker announced that General Pershing, heading the expedition in Mexico, would meet General Gavira, Carranza's commander in Chihuahua, at the latter's request, to work out plans for closer co-operation in their military operations. General Funston has approved the proposal.

It is believed that General Gavira will go immediately to General Pershing's headquarters at Nacajuapa for the conference. Some definite arrangement to preclude the possibility of clashes between Carranza and American soldiers, by keeping them apart, is expected here to be one of the important results of the discussion.

Officials were not advised whether General Carranza or General Obregon had approved Gavira's request, and it was believed he probably acted upon his own initiative as supreme military commander of the state of Chihuahua.

While arrangements for the conference were being made by General Funston, the state department received its first official information as to the probable tenor of the new note from General Carranza, on its way here by special messenger. Special Agent Rodgers at Mexico City reported that newspapers in the capital were printing statements that it would demand immediate withdrawal of the American expedition.

While officials here believe the phraseology of the note will be largely for Mexican consumption, designed to appease popular indignation over presence of United States forces in Mexico, they hope General Carranza has not gone so far as to make an unqualified demand for withdrawal.

The Mexican embassy states that Zapata, leader of bandits, has declared his intention no longer to fight the Carranzistas, but to confine all future operations to attacks on railway trains, with a view to slaughtering traveling foreigners.

AUTO TAG ROW THREATENS SHORTAGE

Columbus, May 27.—Auditor Donahue held up the vouchers of the New York Metal Ceiling company for about \$10,000 for tags at 15 cents a pair. He said he is doing this as a courtesy to the supreme court while the validity of the principal contract, that with the Davies Manufacturing company of Akron, is under consideration by that tribunal. The New York company notified W. H. Walker, registrar of automobiles, that it would send no more tags until its vouchers are honored. This threatens another tag famine.

HEAVY FIGHTING ON TWO FRONTS

London, May 27.—Heavy fighting in the region of Verdun continues, with the Germans still the aggressors, but, according to the latest French official communication, no new changes in positions have taken place.

Following up their recapture of Fort Douaumont, northeast of Verdun, the Germans have striven, but ineffectually, according to Paris, to drive on

the French from the approaches to the fort, where they drew lines when to vacate the fort itself. The attack was a strong one, but Paris reports that under the fire of the French infantry and rapid-fires, it was completely repulsed, the Germans suffering heavy casualties.

A Berlin dispatch says: "The attacks of the crown prince's army on the east bank of the Meuse were continued with success. The German forces extended the positions to the west of the Haubumont quarry, north of Bras, crossed the Douaumont ravine and pushed the French lines south of Fort Douaumont further back. In the course of these operations 800 more French prisoners were captured."

The Austrians continue their heavy hammering at the Italian front in the southern Trentino, and the Italians have again fallen back on the Astico as a result of terrific artillery fire concentrated on the line between the Astico and the Posina valley to the west.

It has been learned from a reliable source that 30,000 Bulgarians have been brought from the Black sea coast to reinforce the Macedonian front.

FLOATING HOTEL FOR MOOSERS

(By American Press)

Chicago, May 27.—"Elihu Root and Harmony" is to be the watchword of the New York delegation in the Republican national convention. John W. Dwight, manager of the Root force, brought this message to candidates' row in Michigan avenue. The former whip of the national house believes the June 7 meet will wind up in peace and a reunited Republican party. Though the Progressives may not be entirely satisfied, the spirit of conciliation will prevail.

Party chiefs, campaign managers of the "favorite sons" and others were given another mild surprise when it became known that Charles D. Hilles, chairman of the Republican national committee, had been in Chicago two days, instead of tarrying in Pennsylvania and Ohio, as had been variously reported. Mr. Hilles, it developed, came in on "gum shoes," as it were, and he has been strictly incommunicado ever since his arrival.

Arrangements were made by the local committee on arrangements for the Progressive national convention to charter the steamship Theodore Roosevelt and convert it into a floating hotel for the accommodation of delegates and alternates. The steamer is to be anchored in Lake Michigan at the foot of Congress street.

THRILLING

(By American Press)

Paris, May 27.—A Fokker was brought down north of Vaux and two avions were seriously damaged and forced to land near Etain after a battle between a French squadron and a group of German avions. This is the bald official account of one of the sharpest aerial battles yet fought, in which the American squadron gained further distinction. Lieutenant Thaw and Kiffin Rockwell flew out at an early hour and saw a Fokker and an aviatik close by. Lieutenant Thaw dived for the Fokker and Corporal Rockwell followed. The aviatik dove for Lieutenant Thaw and then caught sight of Corporal Rockwell's machine and turned and hurried to safety.

Lieutenant Thaw, when fifteen yards from the Fokker fired. The German machine fell at almost the first shot. This was the Fokker mentioned in the communiqué. Thaw was injured in the arm and returned to Paris for treatment.

Columbus, May 27.—That the automobile license tags for Ohio next year will be made by penitentiary prisoners seems assured, although Secretary Hildebrandt already has notified private manufacturers that bids on next year's contract will be received June 10. The board of administration expects to notify the secretary of state before any contract is awarded that it is prepared to furnish the tags for next year. Board members say that such a notice is all that is necessary under the law to compel the secretary of state to secure the tags from the penitentiary. This plan has been under consideration by the board for some time, and during the past week Governor Willis also has asked the members to take such action. Secretary of State Hildebrandt is said not to be opposed to the penitentiary furnishing the tags.

Following up their recapture of Fort Douaumont, northeast of Verdun, the Germans have striven, but ineffectually, according to Paris, to drive on

Columbus, May 27.—Governor Will has issued a statement in which he denies any connection with the candidacy of any person at the Republican primaries. The statement follows:

"I note that reports have been circulated intimating that directly or indirectly I have been trying to induce candidates to enter the Republican primaries. These reports are utterly without foundation and are absolutely untrue. Under the existing primary law, anyone has the right to enter the race for any office, but I have not sought to induce any person to become a candidate for any office, nor shall I do so, nor has any person done so at my suggestion or with my knowledge or approval."

Real Comfort for Seven

Canvass the world and you will not find as big a car as the Overland Six at anywhere near so low a price, \$1145.

You who prefer seven passenger capacity, must pay a heavy excess in price to get so much real seven passenger comfort in any other car.

And to back up its big roomy seven passenger carrying capacity there is the powerful six cylinder Overland motor.

Take your full quota of seven big passengers and see how smoothly and easily, without a sign of effort, your powerful motor speeds away with even an overload.

Slow down to a crawl—don't touch the gear shift—keep it in high—but just touch your accelerator.

Without a tremor, smoothly, easily, swiftly, you acquire any desired speed.

That's genuine six cylinder pick-up—a big outstanding Overland Six fact.

And it's that big fact about this big car that makes its price, \$1145, so small in comparison.

Overland four cylinder models will "pick up" with many another six.

Our only purpose in building a six at all is to supply with genuine Overland finality and economy that extremist demand for the luxury of bigness and lightning fast pickup.

Overland production—double that of any other builder of cars of like class—makes possible the unparalleled value which you get in so big and exceptional a car at so low a price—\$1145.

Have the Overland dealer overload the six and demonstrate its comfort and lightning fast pickup.

You cannot equal it for anywhere near the price.

WILSON'S PROTESTS EMPHATIC

Washington, May 27.—Emphatic protest against interference with American mails is made by the United States in its reply to the joint memorandum of Great Britain and France.

The note, which has been made public, is believed by the state department to be a convincing legal argument against the present practices of the French and British authorities in their treatment of mails from and to the United States.

The United States characterizes the wrongs done to American citizens through these practices as intolerable, states that it expects these practices to cease, and adds that only a radical change restoring to the United States its full rights as a neutral power will satisfy this government.

It is known that the United States has the support of Holland, Sweden and other neutral countries in its protest to the entente. These other neutral powers have already protested against wrongs which the citizens have suffered.

The United States admits that the entente may search mail on neutral vessels to ascertain whether coal is being transmitted under sealed cover, and this government also admits that the entente may intercept at sea all mails coming out of and going to ports of the enemy's coasts which are effectively blockaded. But the methods employed by the British and French authorities are severely scored. The note states

The great preparedness parade of 150,000 men and women in New York photographed as it was passing the public library. Above, left to right, are Thomas Robins, Peter Cooper Hewitt, Thomas A. Edison and W. L. Saunders of the naval advisory board who took part in the impressive demonstration.

that these authorities remove all mails, genuine correspondence as well as post parcels, and take them to London, where they are delayed for days.

The British and French practice amounts to an unwarranted limitation of the use by neutrals of the world's highways for the transmission of correspondence, the note says. The United States contends that this is a violation of the prior practice of nations which Great Britain and her allies have in the past assisted to establish and maintain. A detailed summary of injuries in a commercial sense suffered by American citizens through unwarranted interference with the mails is given in the note.

It is vigorously set forth that not only have American commercial interests been injured, but that the rights of property have been violated and rules of international law and custom palpably disregarded. Notice is served that the United States soon will press claims against the British and French governments for the losses which already have been sustained.

AMERICAN GOLD FURNISHED

More Than \$100,000 Was Furnished to Leaders of Sinn Fein Revolt.

(Associated Press Cable)

Dublin, Ireland, May 27.—More than \$100,000 in American gold was furnished to Irish revolutionists, and the amount is believed to have been much greater, according to Major Price, testifying today before the Irish commission in investigation of the Sinn Fein revolt.

The name of Judge Daniel Cobalan of the New York Supreme bench, and Dennis Spellissky, a New York attorney, were today mentioned in the hearing in connection with the financial report of the revolt from America.

WESTERN PACIFIC WILL BE SOLD

By Associated Press Dispatch.

San Francisco, May 27.—United States District Judge Maurice T. Pooling fixed \$18,000,000 as the "upset" price for the sale of the Western Pacific Railroad today in the foreclosure suit brought by the Equitable Trust Company of New York.

To Change Memorial Day.

A bill to make the first Sunday in June the time for the celebration of Memorial day instead of May 30 was introduced into the Indiana legislature not long ago. It has been felt for some time by members of the Grand Army of the Republic and the Spanish War Veterans that the celebration of Memorial day was marred by the making of the day into a time for sports and games, thus losing sight of the real meaning of the celebration. Several posts of the G. A. R. and ministerial bodies have in times past sent communications to the governor of Indiana urging him to stop some of the sporting events that have annually occurred on Memorial day, but the governor has been powerless to do so. It is said that if the day is celebrated on Sunday every year the people will more nearly appreciate the true spirit of the day and what it stands for.

He announced that he is for home rule in taxation and that he will make a personal campaign of the state.

What Memorial Day Means.

It is the solemn contemplation of what the civil war and its consequences really meant in the history of our country that makes Memorial day's celebration most valuable. It is religious regard for the pillars of popular government, for the principle of liberty regulated by law, for the preservation of popular representative institutions, which this day's ceremonies should consecrate and strengthen. On this day it is the high duty of all the people to revitalize their love of their country and renew their devotion to the limitations of its constitution which have made it permanent and useful to the people and to reject with stern and flintlike front all light suggestions of change in those principles which it has cost centuries of struggle and hecatombs of lives to secure and maintain.—William H. Taft.

VENUS DE' MEDICI.

The Finding and the Restoration of the Famous Statue.

You have smiled at the story of the recently rich lady who objected to a statue of the Venus of Milo because the dealer had sent her a broken statue instead of a good new one. Do you happen to know in what state of dilapidation the other famous Venus was found when her remains were unearthed in Rome in the sixteenth century?

The Venus de' Medici was discovered along with several important pieces of antique art when the excavation had reached the depth of Hadrian's villa. It is claimed by some authorities that the marble goddess had been an adornment of the original home of the Caesars. But it made no stir in the art world until it had been restored and taken to Florence by Costimode' Medici. The restoration was almost as important as the work of the artist who

modeled and chiseled the lovely figure in the high noon of art before the Christian era.

The statue has been credited to Cleomenes by some scholars, while others insist that it was done by an obscure Greek sculptor as late as the time of Augustus. The work of restoration was given over to the father of Bernini, that Neapolitan genius who was at once architect, painter and sculptor and who served two such patrons as Pope Urban VIII and Louis XIV. of France. The elder Bernini, whose talents reflected so advantageously on the court of that Medicis who was both Duke of Florence and Duke of Tuscany, is scarcely known to fame. Yet he took the thirteen fragments of marble and restored by means of them the most beautiful woman in the world—St. Louis Globe-Democrat.

Mixed Metaphor.

King Edward VII., when he was Prince of Wales, once made a funny mixture of metaphors. In reply to certain inquiries and admonitions he said, "I will do my best to walk in my father's footsteps, which you have held up for my imitation."

Probably.

Wife—I don't know what makes Miss Crankleigh so positive about everything. Hub—Probably her sex, my dear.—Boston Transcript.

BY

HENRY VAN DYKE

COUNT not the cost of honor to the dead.

The tribute that a mighty nation pays

To those who loved her well in former days

Means more than gratitude for glories fled;

For every noble man that she hath bred

Lives in the bronze and marble that we raise

Immortalized by art's immortal praise.

To lead our sons as he our fathers led.

These monuments of manhood strong and high

Do more than forts or battle.
